---

Brad, Jim and Rolf,

I am forwarding you the NEIC report for Western Zirconium. The results indicate that the MgCl waste stream is a D003 hazardous waste. I suggest that we schedule a call sometime next week to discuss the results. Please let me know your availability. I look forward to discussing these results with you.

David

---

Charles,

After I sent this I received a message from Aaron to provide a copy to you.

Best Regards,

Richard Ross

Thank you.**

Kim,

Attached please find the PDF versions of the cover memo and the subject report along with the associated appendices and video that was embedded in the report under the water reactivity section. If the form of this transmission is suitable to you, either you or I could forward this email to the Region 8 folks on the distribution list. Please let me know. The video file must be included in the same folder with the report for it to play. A hard copy is to follow.

Best Regards,

Richard Ross
